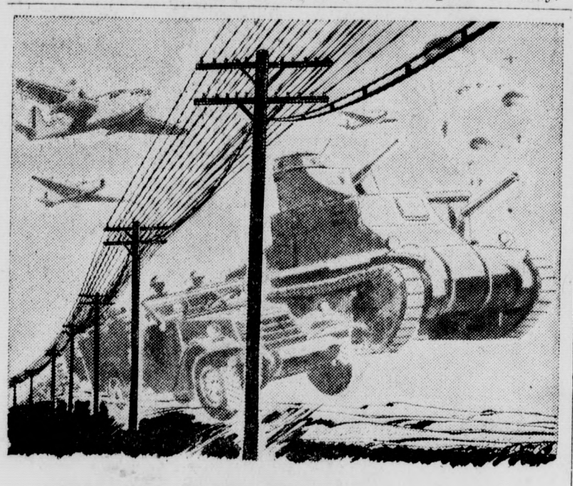
Duffy To Succeed Hargrave in Court

County Clerk W. H. Augustus today had announced appointment of Robert Duffy, 42, Daly City, as clerk of department one of the superior court. Duffy has been a deputy county clerk for three years. He will succeed Homer Hargrave, Burlingame, who resigned Monday.



WAR
is on the wires

The Long Distance lines of the Nation are busy, as are the assembly lines of its tanks and plane factories, its gun and ammunition plants . . . and for the same reason. *War.*

And materials for building telephone lines are fighting materials now—no longer available for new lines to meet the ever-increasing volume of calls.

That is why we ask that only really necessary calls be made to war-busy centers. Your call might delay the production of a tank, a bomber or a ship.

Your co-operation is of real help. We appreciate it.

PLASMA: Methods Clarified

Representatives of the Redwood City Chapter, American Red Cross, and of the San Mateo County Blood Bank today issued statements clarifying the methods in operation in San Mateo County for procurement and distribution of blood.

Mrs. Z. T. Thorning, chairman of the Red Cross Chapter, explained that the Red Cross mobile unit comes to the Congregational Church in Redwood City twice monthly. Blood given is processed into dried plasma. This at present is the only source of plasma being shipped to the overseas armed forces of the United States.

The San Mateo County Blood Bank, is owned and operated by the citizens of the county for the purpose of (1) providing blood for emergency civilian use in the hospitals of the county, (2) providing a storage or "bank" of blood plasma located in strategic areas throughout the county in event of bombing, fire or disaster of any kind, and (3) providing blood and plasma to naval hospitals for treatment of wounded men returning from the battlefronts, said Martin. The blood bank is located at 25 South El Camino Real in San Mateo. The blood bank is open daily except Sunday and appointments may be made for donating blood or for typing the blood of any citizen of the county without charge.

Bay View District Starts First Aid

An opportunity for women of the Bay View Dist. to take first aid courses is now open, Maj. Erma Flores, a certified Red Cross first aid instructor and organizer of women in the district, announced today.

Anyone desiring to take the course may contact Major Flores at Redwood City 2758. Classes will be held at the time most convenient for the women, Major Flores said Classes will be conducted in the Spring St. store.

"Hitler's Children" at Sequoia

One of the most controversial films of all time, one that ran in San Francisco for five full weeks, and one that promises to startle the general public with its frank expose of modern Aryan methods of educating children for death, namely, "Hitler's Children," opens a four-day engagement at the Fox Sequoia Theater on Sunday, Manager Hal Honore' announced. Also, on this program will be a new Metro comedy, "Tish," with Marjorie Main and Zasu Pitts in the leading roles.

MENLO PARK NEWS

BY D. E. O'KEEFE

James Roach, who was wounded at Guadalcanal, arrived in San Francisco last week. He will be removed shortly to the government's new hospital at Modesto. His back injuries will require a long treatment, but he will eventually recover his former good health.

★ ★ ★

George E. Channing was here from Los Angeles this week looking for a location to establish a large merchandising store. He proposed to carry a $50,000 stock.

★ ★ ★

A rumor was prevalent this week that the government may soon erect three large hospital buildings on the Hopkins property. It is said about half a million dollars may be spent on the work.

★ ★ ★

The storm has driven large flocks of wild pigeons to the valley. Old-timers say they never have seen so many pigeons as they have this season at this time of the year.

★ ★ ★

Frank Gainer, the mosquito exterminator, is preparing for the influx of mosquitoes that will be here owing to the many stagnant pools after the Winter by draining off ponds in the district. He will begin oiling early next month.

The rainfall for the present storm up to Thursday has been 1.30 inches, making a total of 11.55 inches for the season. This is considerably more than at this time last year.

★ ★ ★

Charles Ingram of St. Louis is here to open a crockery store on Oak Grove Ave. and will also carry a line of choice groceries.

★ ★ ★

Thomas McLaughlin, who passed away in Redwood City last Friday, was a nephew of E. J. McLaughlin, the well known shoe merchant of this city. The deceased leaves a wife and two small children. He was well known in the community.

School Patrons Plant Gardens

That citizens of the area are really "garden minded" is reflected in a survey taken of the classrooms last week in McKinley School. The check showed that approximately 95 per cent of the students reported that either they or their parents were planting spring gardens, Principal Ralph Case said today.

Bedding plants being grown in some of the classrooms will be distributed among interested students later in the season, Case said.

I DRIVE A BUS
...and like it!

...YOU'LL LIKE IT, TOO

Here's a job for women that's pleasant, interesting, healthful, profitable and essential to the war effort...driving local buses in the San Francisco Bay Area for Pacific Greyhound Lines. You are paid while training. You must be between 21 and 35 years of age and at least 5 ft. 4 in. tall. Good future, plus:

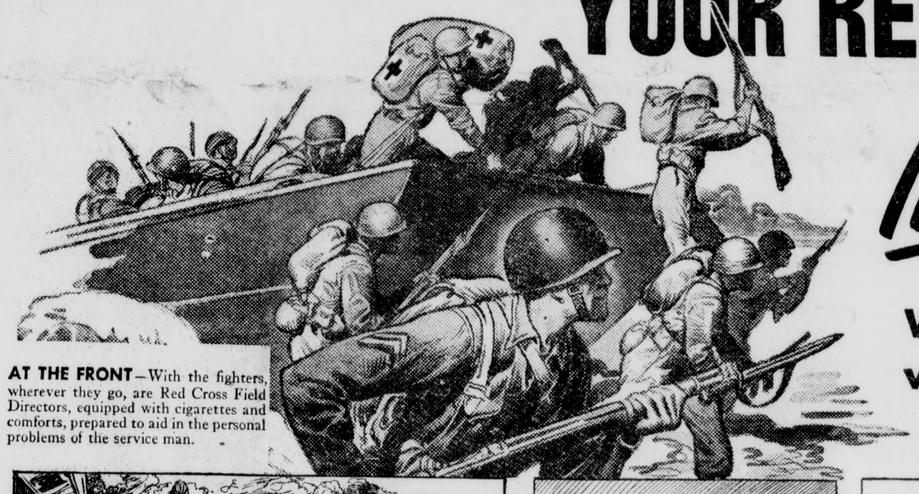
★ *Complete equality with men drivers in pay and seniority rights.*
★ *Medical care.*
★ *Hospital service.*
★ *Group health and life insurance.*
★ *Pension and retirement benefits.*

Apply in person at 1919 Market Street, Oakland, or write, furnishing photograph if possible, giving age, height, weight and automobile driving experience.

GREYHOUND

From India to Iceland . . . from Alaska to Australia

YOUR RED CROSS *In Action!*



AT THE FRONT—With the fighters, wherever they go, are Red Cross Field Directors, equipped with cigarettes and comforts, prepared to aid in the personal problems of the service man.

Working to build up what war tears down

EMERGENCY—In Honolulu, in Manila, wherever civil populations have met sudden disaster, Red Cross organization and equipment have been on the spot saving lives and administering quick relief.

RECOVERY—In the convalescent hospitals, dreary hours are made brighter by the cheerful, understanding helpfulness of the Red Cross Gray Ladies.

WAR PRISONERS—They know they have not been forgotten, when they get that box from home. Warm clothing, food, American smokes. A message of hope made possible by the Red Cross organization.

RESCUED—Refugees from sea disaster brought to port on every coast are the special care of Red Cross workers. Hot food, dry clothing and shelter for the victims.

SAVING LIVES—More and more miracle working Plasma is needed as our casualties increase. As the agency for the collection of blood donations, the Red Cross has been awarded the Army-Navy "E" for more than meeting the quotas.

A PEOPLES' PARTNERSHIP

Bringing relief in allied countries, working with our armed forces wherever they are, the Red Cross gives everyone an opportunity to serve.

In this second year of War, the needs increase. March is the War Fund month. You can help with time and money.

Enlist with your Chapter for the work that lies ahead.

State Products Used in Cereal

With a line of products processed from readily available California crops, Loma Linda Food Co., Arlington, is finding itself in a unique position to help meet wartime food shortages on the coast, according to L. V. Roberson, advertising manager.

"When it first became apparent that we could broaden our scope of usefulness in meeting wartime nutrition needs," Roberson said, "we decided on two steps. The first was to tell people about the adaptability of our products in supplementing scarce items in the wartime diet. For the latter purpose we have chosen the hometown newspapers as the most logical method of giving news about our products directly to the consumers.

"With the government urging the greater use of whole grain cereals, not only to replace scarcity items for breakfast but as a protein filler for other meals as well, our Vitamized Ruskets cereal has been experiencing a substantial increase in demand. Served in conjunction with the main dish, it is making up for the smaller portions of protein foods now available for other meals, in addition to supplying the nutritional requirements for heavy duty wartime breakfasts."

Beaverbrook Praises U.S. Automotive Output

DETROIT—American automotive production skill was singled out for tribute in a recent parliamentary speech by Lord Beaverbrook, prominent English publisher who was minister of aircraft production during the Battle of Britain. His latest address to the House of Lords is reported in full in copies of the London Daily Express just received in this country.

Speaking about increased war output, Lord Beaverbrook said that "the best production job he had ever seen was done when the Packard Motor Car Co. in America produced our Rolls-Royce engine," the Express discloses. "In no time at all production had been got under way, and the output is remarkable," the report added.

Fox Announces Civil Service Exams

The following civil service examinations have recently been announced:

Agricultural specialists, $2600 to $6500 a year plus overtime.

Analysts, business and industry, $2000 to $6500 a year plus overtime.

For further information consult Chester B. Fox, local secretary, Board of U. S. Civil Service Examiners, U. S. Post Office at Redwood City.

New Cereal Meets Wartime Needs

Nutrition strides at the front in wartime, as never before. Yet "protective" foods are the very ones which are scarcest in supply, and the homemaker's time for menu-planning and cooking gets less by the day. Breakfast—the meal potentially most important nutritionally—is often the one which war workers ignore.

In the midst of this nutrition dilemma, the Fisher Flouring Mills Co. of Seattle, an established American firm, has come forward with a wartime breakfast need—a flaked whole wheat cereal that cooks instantly.

Fisher's new instant-cooking cereal is called Zoom, because it helps hurried people to "zoom" into the hot nourishing breakfast that every one needs. Zoom combines the nutritive values of whole wheat — protein, energy value, B vitamins, phosphorus, and iron — with a delightful flavor, easy digestibility, and instantaneous cooking.

Zoom has a particular place in supplementing the rationed foods of wartime for these reasons. Milled from top-quality, hard, red wheat of 14 per cent protein content, furnishing also B vitamins and iron, Zoom eaten with milk can help to take the place of meat. Then, too, Zoom tastes sweeter than ordinary whole wheat cereals so that it can be eaten with very little sugar added. For many persons, Zoom will taste just right without any sweetening at all.

PG&E Chalks Up Record Growth

Record breaking growth in volume of its business, rising operating costs and taxes and steady development of additional facilities to meet increased demand for service, are recorded by Pacific Gas and Electric Co. in its annual report to stockholders, made public today.

Largely because of the mounting requirements of the war industries deliveries of electricity in 1942 were nearly 700 million kilowatt hours greater than in the preceding year, an increase of 14 per cent. Sales of gas were 18 billion cubic feet more last year, or 20 per cent greater than in 1941.

In the first year after Pearl Harbor, the utility company supplied to military establishments, to shipyards and magnesium plants alone, more than four times as much electricity as was used for domestic purposes by the three quarters of a million people of San Francisco.

However, the report declares, there was no reduction of either electric or firm gas service to any part of the company's extensive system except the limitations imposed by governmental regulations.

As a result of long term planning begun prior to 1940, the company has developed additional power to meet the greatly increased demands resulting from the war industries and growth of population. Generating capacity had been increased since 1940 by more than 300,000 horsepower by the end of 1942 and plants recently completed or now under construction will add another 200,000 horsepower during the current year.

Salient features of the year's operations are:

Gross operating revenues reached a new high of $126,782,000, an increase of 10 per cent over 1941.

Increased operating costs, exclusive of federal income taxes, absorbed $8,315,000 of this increase, leaving a gain of $3,112,000 in net operating revenue.

But federal income taxes increased $4,059,000, or 38 per cent, over the 1941 levy and more than wiped out the gain in net operating revenue. Total federal income taxes were $14,851,000, which was 84 per cent higher than the corresponding figure in 1940.

Taxes of all kinds aggregated $29,631,000 for the year. Of this amount, about $17,000,000 was payable to the federal government and the remainder to the state, to counties, municipalities and other local taxing agencies. Provision for taxes in 1942 exceeded by $10,073,000 the annual wages and salaries of the entire operating personnel and by $8,707,000 the year's dividends paid to the 104,000 holders of the company's preferred and common stocks. It was equivalent to almost one fourth of gross revenues from all sources. "Despite this handicap," the report comments, "the company's rates for electric service continue to approximate those of the publicly owned, tax exempt utilities located in the company's field of operations."

Earnings available for common stock dividends were equivalent to $2.21 per share, approximately 10 cents less than in 1941. Dividends were paid, as in past years, at the rate of $2 per share.

S.C. Fire Chief Names L. G. Clark as Assistant

SAN CARLOS—The appointment of Capt. L. G. Clark as acting assistant fire chief of San Carlos was announced at a meeting of the Volunteer Fire Department Inc.

2 Lincoln Students Commended for Work

Howard Frey and Seymour Abrahams, students in Lincoln School, have received commendation from their principal, Earle Whitaker, for their outstanding work done on "Transportation on the Seas," with hand-colored illustrations on frosted slides. The boys presented their illustrated lectures to the students recently and will repeat their talks during Public Schools Week in April, Whitaker said.

Frey took up the types of boats from earliest times and traced their use to the present day. Abrahams discussed the explorers who used these vessels and showed the routes traveled by the great explorers of history.

PUBLIC NOTICES

NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE
No. 10038 Dept. No. 2

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of PETER TOGNINALLI, Alias, Deceased.

NOTICE IS HEREBY GIVEN that the undersigned, WILLIAM F. CROSBY, administrator of the estate of PETER TOGNINALLI, alias, deceased, will sell at private sale, on the 30th day of March, 1943, at ten o'clock a. m. of said day, or after said day, to the highest and best bidder, upon the terms and conditions hereinafter set forth, and subject to confirmation of the above-entitled Court, all the right, title, interest, and estate of the above named decedent at the time of his death, and that which has accrued, by operation of law or otherwise, to the estate of said decedent since his death, in and to the following described real property:

All that certain real property situate in the County of San Mateo, State of California, described as:

Lots 6 and 7 in Block 205, as shown on that certain map entitled "ESTATES OF EMERALD LAKE SUBDIVISION TWO," filed in the office of the County Recorder of San Mateo County August 1, 1927, in Block 16 of Maps at pages 18 to 21, together with improvements.

The terms and conditions of sale are as follows: Cash, lawful money of the United States, ten (10) per cent of the amount bid to be paid at the time of the acceptance of the bid, the balance on confirmation of sale by the Superior Court; the deeds and instruments of title to be at the expense of the purchaser; the purchaser to assume the payment of, and take the property purchased by him subject to all the state and county taxes and all assessments of whatever name or nature, which are now or may become hereafter chargeable to or a lien against the property purchased by him.

All bids and offers must be in writing, and may be left at the office of Gilbert D. Ferrell, District Attorney and attorney for said administrator, Court House, Redwood City, California, or may be delivered to said administrator personally in said County of San Mateo, or may be filed in the office of the Clerk of this Court, at any time after the first publication of this notice and before the making of the sale.

Dated: March 15, 1943.

WILLIAM F. CROSBY,
Administrator of the Estate of PETER TOGNINALLI, alias, Deceased.

GILBERT D. FERRELL, District Attorney, and Elinor Louise Falvey, Deputy District Attorney for Public Administrator.

Court House, Redwood City, California.

Redwood City Peninsula Beacon
March 19, 26, 1943.

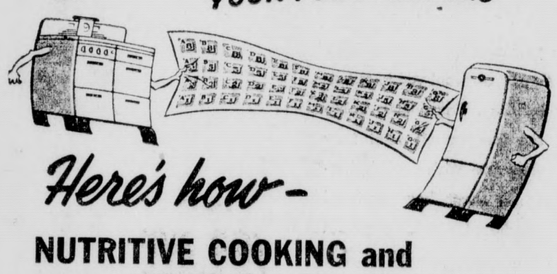
Loma Linda FOODS

A NATION'S HEALTH IS A NATION'S STRENGTH

S-T-R-E-T-C-H YOUR FOOD COUPONS



Here's how—

NUTRITIVE COOKING and PROTECTIVE REFRIGERATION can help conserve Rationed Foods

Be on guard against the invisible food losses in your kitchen. These food losses are the destruction of vitamins and minerals that are present in all foods. Improper preparation and cooking, storage and preservation of foods can cause the loss of two-thirds of the strength and energy value naturally present.

NUTRITIVE COOKING IS EASY TO DO
Follow these three simple rules...

1. Use little or no water. Use just enough water to prevent sticking and avoid letting foods soak too long in water before cooking—are two important points to remember.

2. Start Fast and Cook Quickly. Bring foods to cooking temperature quickly. This means you cook by the steam which is generated in your pots and pans.

3. Avoid Violent Boiling. When foods come to a steam, reduce the heat to lowest temperature to maintain steaming. Long time boiling dissolves minerals.

PROTECTIVE REFRIGERATION
...means storing food safely

1. 40 degrees is the Safety Line. For safety most foods should be stored in your refrigerator as soon as they arrive from the market. The main food compartment in your refrigerator should be kept at about 40 degrees.

2. Control Bacteria in Milk. Do not let milk stand on a sunny doorstep. Pop it into your refrigerator as soon as it arrives. Bacteria in milk increases 25 times faster at 55 degrees than milk at refrigerator temperature of 40 degrees. Bacteria means sour milk.

3. Meat Needs Your Special Care. Meat must be kept colder than milk. Meat bacteria develops 12,000 times faster at 55 degrees than at the safe line of 40 degrees in your refrigerator. Meat is scarce. Keep it safely refrigerated.

Come into any P. G. and E. office for your free copy of the 32 page booklet, "The Lady Of the House and Her Mechanical Servants." See page 15 about—"How to store food in your refrigerator."

Committee Studies C. of C. Building

Plans for a new building to house the Redwood City Chamber of Commerce will be investigated by a committee to be named this week, Chamber Pres. Ferris W. Miles announced today.

Although there is no hope of building such a home until the war is over, building sites and probable expenses will be examined and tentative plans drawn up by the committee now, Miles said.

The chamber hopes to find a suitable site on El Camino Real, where a building may be erected to serve not only to house the chamber offices but also as an attractive advertisement of Redwood City, he added.

HIGH SCHOOL: Variations Will Eliminate Side Trips, Cut Mileage To Be Traveled

Many side trips have been eliminated and the mileage drastically cut as a result of new school bus schedules just instituted at Sequoia High School at the request of the Office of Defense Transportation, Donald L. Bogie, vice principal and chairman of the school bus committee, announced this week.

Following the plans laid down by the ODT, the big yellow busses are running only on main highways and surfaced roads, stopping only four times each mile, instead of at each street corner. No side trips are made except to pick up students who live more than a mile and a half from the nearest bus stop, Bogie said.

Students, teachers and school employes living within two miles of the school are not now being served by the busses.

The morning schedule calls for 19 "runs" under the new plan, with 45 stops eliminated and 19.2 miles of travel saved. The three runs at 2:30 p.m. are virtually unchanged, but the 3:30 schedule, with its 15 trips, has had 38 stops eliminated and 9.5 miles saved.

The 5 p.m. and 6:15 p.m. schedules have been combined into one new schedule at 5:30, according to Bogie. Five busses are running on this schedule, with 16 stops eliminated and a mileage saving of 33 miles. Three complete trips have been eliminated from the afternoon schedule, accounting for the great mileage saving on the late runs.

PAPER WINS

NEW YORK (Special to the Tribune)—Second place in its division has been won here by Sequoia Times, the newspaper published by the students of Sequoia High School, Redwood City, which was entered in competition with publications of schools in all parts of the country in the annual contest staged at Columbia University by the Columbia Scholastic Press Assn.

The Times was entered in the division for newspapers of senior high schools having 2500 to 5000 pupils. With the other winners—school newspapers and magazines—it has gone on display at University Hall. The awards were made by a board of 44 judges after studying the nearly 1000 student publications entered in the competition.

Last year Sequoia Times won medalist rating — highest possible classification—and in the National Scholastic Press Assn. competition, which is pending, has won "all-American" or highest rating for nine of the past 12 years.

PINE REFORESTATION

About 10,000 Monterey pine trees, or enough to cover 15 acres, will be planted in the Half Moon Bay area today by a corps of 50 Sequoia High School boys.

The trees, which will come from government subsidiary nurseries, will be planted under government supervision, with William Scott, Department of Agriculture conservation chairman for this area, in charge. The boys will spend the entire day at the project and will receive government transportation, according to Supt. A. C. Argo.

The work will be carried out in conjunction with the conservation studies at Sequoia and with the "penny pine drive" just opened at the school.

The penny-raising drive is an annual affair. Each penny collected pays for one tiny pine tree to be used in just such projects as Friday's, Argo said. As a climax to the drive there will be a special assembly which will have "Conservation" as its theme, Mrs. Anne Bigler's third-period biology class, with Joyce Reese, Doris Cowden and Robert Schoop as committee heads, is conducting the three-week drive, and Mrs. Bigler is in charge of the assembly.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

Foods Panel In New Quarters

The foods panel of Redwood City War Price and Rationing Board 83-12-2 has been installed in new quarters at 630 El Camino Real—half a block from the general rationing headquarters at El Camino and Brewster Ave.—Board Chairman Teddy Lauman announced this week.

At the new quarters all problems concerning war ration books 1 and 2—food, shoes and rubber boots and overshoes—will be handled. Growth of business under point rationing forced the move, Lauman said.

All other rationing and price control problems will be handled from the main headquarters.

Drug store sales indicate more people are using saccharine tablets as as sugar substitute.

City Trucks To Collect Tin Cans from Stations

A weak link in the process of getting tin from Redwood City to the smelter was strengthened when an agreement was reached between Frank A. DePatta, salvage committee chairman, and City Mgr. Robert W. Mead to have city trucks make a systematic pickup.

De Patta declared that Redwood City housewives have been responding to the tin can drive, leaving tin cans at service stations, and that a beverage firm had agreed to deliver the tin cans from a collection center to the Metal & Thermit Corp. in South San Francisco for processing. However, he said there has been no way to get the tin cans from service stations to the collection center.

Mead agreed to have a city truck pick up tin cans every Saturday, beginning Mar. 27, and deliver them to a central station near the corporation yard. De Patta said this afternoon. Tin cans will be picked up at the city's service stations one week end and the other half the next Saturday. In other words, De Patta pointed out, collections will be made at every service station every other week.

The solution to the tin can bottleneck problem followed a declaration by Mayor Floyd D. Granger at a meeting of the Redwood City City Council this week that something must be done about the tin can situation. He was incensed at a report that more tin cans were salvaged last month from the San Mateo dump than had been picked up in the county salvage campaign.

Granger suggested that an ordinance be made prohibiting people from putting tin cans in the garbage. The suggestion, however, met opposition from other council members, who objected to "holding a club over the people."

De Patta declared that the trouble in Redwood City was not the fact that people put tin cans in the garbage, but that they had been discouraged because there was no systematic pickup.

"People of Redwood City have been very patriotic in the tin can campaign," De Patta said.

Redwood City Council Studies Proposed New Traffic Changes

MEETING: Hilton Suggests Highway Parallel Parking

Possibility that parallel parking may replace diagnoal parking on El Camino Real between Broadway and Brewster Ave. was seen today following a recommendation at a meeting of the Redwood City City Council last night that the matter be referred to the Redwood City Traffic Safety Committee.

Recommendation that consideration be given to parallel parking in that block was made by Councilman W. W. Hilton, who pointed out the dangers of diagonal parking on the state highway.

Upon report from City Mgr. Robert W. Mead that the safety division of the State Department of Highways and the Highway Motor Patrol has recommended that regulation of stop and go traffic lights on El Camino Real be left as it is, the matter was referred back to the traffic safety commission.

At the last meeting of the city council the traffic commission had recommended that the signals be operated between 6 a.m. and 7 p.m. instead of 6 a.m. to 11 p.m. as at present.

RED STRIP LEFT

It was voted to leave a red strip, for no parking, on California St. in front of the office of Dr. Harry Mason, who pointed out the no parking zone was of utmost importance.

A report of the priorities committee—a committee considering postwar public projects—was put on the agenda for the next meeting of the city council. Councilman Harold F. Anderson, chairman of the committee, said he expected the report to be ready at that time.

Mead reported that property owners on Valota Rd. have been notified of changes in the numbering of houses and that records have been changed. The numbering heretofore has not been uniform.

Mead also reported that he is awating a reply from the owner of property facing El Camino Real near James Ave. as to the possibility of establishing a parking lot there. Mead was authorized at the last meeting of the council to make the investigation.

A resolution was passed urging Assemblyman Harrison W. Call and Sen. Harry L. Parkman to support a bill coming up in the present session of legislature for state aid for civilian defense.

BUS FRANCHISE TABLED

Action on the Redwood City Bus Lines franchise was put on the agenda for the next meeting, pending a decision by the State Railroad Commission. R. F. Martin, operator of the bus system, has applied for permission to operate outside the city limits.

Mead reported that property in the Sweeney Addition had been sold to Frank A. DePatta, Redwood City real estate dealer, for $400.

Councilman Evans A. Fletcher suggested to Police Chief C. L. Collins that all police cars carry brooms to clean up glass when accidents have occurred or where bottles have been broken. He pointed out that tires could be saved by having the glass cleaned off the streets.

Councilman Carl Britschgi suggested that a policeman be placed at the Jefferson Ave.-Cleveland St. intersection during noon hours to protect school children in crossing the streets. Mead suggested that school janitors be deputized to handle school crossings. He pointed out that this is being done in other cities. The matter was taken under advisement.

CIVIL SERVICE CHANGE

City Atty. Paul A. McCarthy was instructed to prepare an amendment to the civil service ordinance stating that police and firemen must complete a standard course in first aid during their six-month probationary period to qualify for permanent employment.

The council approved claims totaling $9190.76, plus $2896.22 to L. C. Smith, contractor, for work on the Perry St. drainage system.

Permission was granted Court Mt. Carmel 1213, Catholic Daughters of America, to hold a rummage sale at 886 Main St. Apr. 2 and 3, and permission was granted to the Redwood City Woman's Club to hold a rummage sale at the same address Apr. 9.

Councilmen voted to send a letter of commendation to the Redwood City chapter of the Red Cross for its work in the War Fund parade Feb. 27. A letter of appreciation for the city council's part in the ceremonies written by Mrs. William A. Baxter, chairman of the speakers' bureau was read.

★ The 1943 Red Cross War Fund is greater than last year, because the need is greater. Your chapter needs Your Help. Give Double this year if you can.

Practical Wartime Party Ideas

There's no need to forego parties during these trying times. They are good for the morale, and they can be designed so that they are easy on the hostess. Keep everything simple from decorations through dessert. They may even be one of those share-the-food-and-fun parties where everyone contributes a part of the food. Of course, at any party these days, the perfect guest brings his or her own coffee, sugar, and butter.

ST. PATRICK'S PARTY

Make it a buffet affair. For an effective table decoration, color the water for ice cubes green with vegetable color. Freeze, and just before serving, heap the cubes in a glass or crystal bowl and stick flowers between the cubes. Only a few flowers are needed, because the little blocks of emerald catch the eye.

ST. PATRICK'S DAY MENU

*Potato Surprise
Cabbage-Apple Salad with Salad Dressing
Corn Meal Muffins
Butter or Substitute
Lemon Meringue Tarts
Coffee or Tea
(Ask your friends to bring their share)

*For Potato Surprise, scrub well, cut a lengthwise hole through each of them with apple corer, fill with nippy cheese or seasoned ground meat, plug up holes and bake. Serve piping hot.

DRAFTEE PARTY

Send invitation out in form of induction notices. When guests arrive, let each one draw the job he is to do out of a goldfish bowl or hat. When mess call comes, each one does the job assigned to him, such as serving the main course, carrying out the dishes and so on through K. P. duty. This is the kind of party where everyone can sit around on the floor and eat, picnic fashion.

Revive all those old party games and give them a wartime slant such as pinning the tail on Hitler instead of the donkey. You can have a metal or rubber scavenger hunt. For prizes—Victory Stamps.

DRAFTEES' MESS

Baked Navy Beans
Toasted French Rolls
Mixed Green Salad Carrot Sticks
Applesauce Shortcake
Coffee or Tea
(Ask your friends to bring their own.)

REFRESHMENTS FOR TOTS TO TEEN-AGE PARTIES

*Gelatin Gems
Crisp Ginger Cookies or Hot Gingerbread
Hot or Iced Chocolate or Lemonade
Salted Nuts Hard Candies

*For Gelatin Gems, mold flavored gelatin in a shallow pan (use green gelatin for a St. Patrick party). When firm, cut in small cubes and roll them in dry cake crumbs. They've a French pastry elegance.
